

# 4th ICWW International Online Artistic Cycling Cup for Projects

On behalf of the many requests and the large interests we will held the

## 4th ICWW Artistic Cycling Online Cup – especially for riders from ICWW artistic cycling projects

- All sportsmen will ride in their training gym or. We are connecting the several gyms around the world and broadcast a public livestream from the gym's to Facebook-Live.
- The jury is using an electronic judging system and all judging-computers are connected via internet. The commissaires evaluate the performances by watching the livestream at their home.
- To avoid connecting multiple times into the same gym, all riders of a club or region are competing directly after each other.
- Because the commissaires are not on site in each gym and the evaluation will be done online via livestream, this is not an official competition according to the UCI-/UEC regulations.
- We will provide the evaluation sheet after the competition via e-mail

If you want to know more about Online-Cups, checkout the blog at our website:
